

## BLUE CONNECT RANGE

### PRO PLATFORM exclusively for pool professionals

Sign up for free at:  
**pro.blueconnect.io**  
 and manage your poolpark remotely!

**With the Blue analysis records and web interface you can:**

- Follow Blue device analyses at your customers' facilities in real time.
- Make accurate and professional diagnoses.
- Avoid systematic call-outs.
- Anticipate and advise customers on possible preventive actions.

#### How to connect to the platform

It's so simple to connect to the platform and track your Blue park!

#### Step 1

Keep a record of the serial number (on the box) when you purchase Blue.

#### Step 2

Connect to pro.blueconnect.io and create your PRO account. Quick-start guide on the website.

#### Step 3

Then click on "Administration" and "Add a pool". Enter the Blue serial number.

#### Step 4

Your customer will automatically receive an email message asking for authorisation for you to access his/her Blue data.

### Blue Fit50 water intake clamp

Is the pool fitted with a cover? Install Blue in the plant room thanks to the Blue Fit50 water intake clamp. The clamp is supplied with Blue Connect Plus.

Easy Blue implementation

Present Blue to your customers on video
